DETAILED ACTION

1. Applicant's communication filed on *** has been carefully studied by the Examiner. The arguments advanced therein, considered together with the amendments made to the claims, are persuasive and the rejections based upon prior art made of record in the previous Office Action are withdrawn. Claims 4, 19 and 28 have been canceled. Claims 1, 5, 13, 17, 21, 22 and 25 have been amended. Claims 1-3, 6-18, 20-27 and 29 are pending. The proposed drawing corrections are approved.

Allowable Subject Matter

2. Claims 1-3, 5-18, 20-27 and 29 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or reasonably suggest, either alone or in combination, a slab waveguide having a segmented transition region that includes a plurality of waveguiding regions being spaced apart from one another and isolated from one another by at least one discrete sector having a lower refractive index than said waveguiding regions. Likewise, the prior art of record does not disclose or reasonably suggest, either alone or in combination, N waveguiding regions, N being greater than or equal to 2, said waveguiding regions being located within a slab waveguide and being spaced apart from and isolated from one another by discrete segments having predetermined widths and a lower refractive index than said waveguiding regions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
